About MindStream Analytics

MindStream Analytics is a consulting and managed services firm dedicated to helping clients enable better decision making. With over a decade of experience in the analytics and Enterprise Performance Management space, MindStream offers customers business intelligence and analytic tool selection, predictive modeling development, real-time streaming analytics, Profitability Costing models, EPM design and delivery optimization, and best practices for financial planning and financial close processes. MindStream guides its customers to a solution that enhances business modeling enabling better analysis and insight into their data. We believe that the power of technology combined with best practices will give customers the ability to make fact-based decisions.
